Teacher Salary Grids

BCPSEA will be providing updated teacher salary grids inclusive of the 0.4% May 1, 2018 ESD and 1.0% General Wage Increase (GWI) over the following two weeks (i.e., by March 16). The salary grids have union approval provided by the BC Teachers’ Federation (BCTF) and will be sent to the Secretary Treasurer.

Support Staff Collective Agreements

1% General Wage Increase PLUS Economic Stability Dividend – effective May 1, 2018

Support staff will also receive a 1.4% increase on May 1, 2018 comprised of a 1.0% General Wage Increase and the 0.4% Economic Stability Dividend. BCPSEA does not draft the support staff wage grids, however, attached to this bulletin is a spreadsheet with a template that can be used to calculate the increase.

Whether or not a support staff allowance will be increase by the 1.4% will depend on local language and past practice (i.e., has the allowance been increased by the general wage increases in the past). If you are unsure as to whether an allowance should be increased, please contact your BCPSEA labour relations liaison for assistance.

Updating Collective Agreements

BCPSEA recommends that finalized collective agreements be updated by creating an Addendum containing the new calculations. The BCTF has agreed that the updates can be contained in an addendum and that printed collective agreements do not require a full re-print.

Future General Wage Increase: July 1, 2018

Districts may wish to note that subsequent to the May 1, 2018 increases, both teachers and support staff will receive a further general wage increase of 0.5% effective July 1, 2018.
