Re: Employment Insurance and Support Staff Collective Agreements

BACKGROUND:

1. The waiting period for Employment Insurance (EI) is being reduced by federal legislation from 2 weeks to 1 week, effective January 1, 2017;

2. There are a number of support staff agreements which contain local language regarding Supplemental Employment Benefit (SEB) top-up; and

3. The parties wish to endorse a common approach when amending the affected collective agreements.

GUIDING PRINCIPLES:

The parties agree to the following guiding principles:

A. That the total period of SEB top-up will not be reduced; and

B. The percentage of top-up in weeks one and two will not be reduced and weeks three onwards will not be changed;

C. Language will be amended to allow for portions of the SEB top-up to be paid by the federal EI program during the former second week of the waiting period where top-up was provided in the former second week; and

D. All other eligibility requirements will remain unchanged.

GENERAL EXAMPLES

<table>
<thead>
<tr>
<th>Current “2 week” language</th>
<th>New “1 week” language</th>
</tr>
</thead>
<tbody>
<tr>
<td>Waiting period percentage of top-up does not match the subsequent week percentage of top-up e.g.</td>
<td>• 1 week waiting period topped up to x% of current wage; and • next 1 week of leave topped up to the difference between the amount of EI received and x% of current wage; and • next 6 weeks of leave topped up to the difference between the amount of EI received and y% of current wage</td>
</tr>
<tr>
<td>• 2 week waiting period topped up to x% of current wage; and • next 6 weeks of leave topped up to the difference between the amount of EI received and y% of current wage</td>
<td></td>
</tr>
<tr>
<td>Waiting period percentage of top-up matches the subsequent week percentage of top-up e.g.</td>
<td>1 week waiting period topped up to x% of current wage; and next 7 weeks of leave topped up to the difference between the amount of EI received and x% of current wage</td>
</tr>
<tr>
<td>---</td>
<td>---</td>
</tr>
</tbody>
</table>
| • 2 week waiting period topped up to x% of current wage; and 
• next 6 weeks of leave topped up to the difference between the amount of EI received and x% of current wage |  |

The parties endorse the guiding principles as set out above and mutually recommend they be applied to any discussions occurring to amend a collective agreement through a Mid-Contract Modification (MCM).
